Height	2,026/ 79.8	2,026/ 79.8	2,026/ 79.8	2,026/ 79.8
Weight (kg)	7,600	13,200	16,000	18,800

Some of the functions described above are options and not standard equipment for the ROLAND 50. They can be combined to provide customer-specific configurations in accordance with the valid options price list. The ROLAND 50 is subject to continuing development. Experience gained in practice and the results of research flow into product design. It is therefore in your interest that we reserve the right to make design and specification changes. Only the written Confirmation of Order is binding. The contents of this document, in particular brand names, logos and texts, are the property of manroland and protected by law. Reproduction or utilization of this document as well as the communication of its contents to others without explicit written authorization by manroland is prohibited. A civil action will be brought against offenders. All rights are reserved in the event of the granting of patents, utility models or designs.

If you have an Internet-capable mobile phone with a camera function, you can get further and updated information via UpCode. Use the browser of your mobile phone to go to www.upcode.fi from where you can install UpCode. Once you have installed the program aim your camera at the UpCode shown here and photograph it, or alternatively you can tap in the number series below the code. UpCode usage is free of charge; all you need to pay are the connection charges of your mobile phone services provider. You can get further information about UpCode via the code shown here or from upcode@manroland.com
