

SHEETFED PRINTVALUE PROMOTION APRIL 2010

Oil Change & Analysis

Are you doing all you can to maximize the life of your press?

Free Oil Analysis!

Lubricants protect your press from corrosion and wear, and are one of the most necessary consumable components to insure the quality of your press operation.

printcom lubricants not only provide the highest quality protection, tested by manroland's research and development team, but also extend oil change intervals by up to **4000 additional hours!**

...And like all other **printcom** products, our lubricants are performance-guaranteed.

For the months of April, May, and June 2010, **printcom** will be offering special all-inclusive oil change packages. Your custom package includes:

- **printcom** Machine Oil & Filters
- manroland Certified Technician
- Free 6-month Oil Analysis with Report

Call us today to take advantage of this opportunity!
