

Feeder/Delivery Chains

Stretch your repair budgets further, not your chains

Discounts on feeder pile chains, delivery pile chains, and delivery gripper chains

During February and March of 2011, manroland is offering a discount on parts and service for sheetfed pile chains (feeder and delivery) as well as sheetfed delivery gripper chains. Order a new chain installation and get 15% off the price of the parts, and 20% off of the service hourly rate.

This discount applies to chain installations for any and all manroland sheetfed presses, both digital and legacy. And not only are the discounts a bonus, but proper chain installation will insure the safety of your press operators as they work with feeder and delivery piles.

Advantages

- Significant savings on parts and service
- Save valuable substrates from feeder or delivery pile malfunction
- Save unwanted downtime when a chain stretches or snaps
- Provide a safe, injury-free work environment for the press crew
- Get a certified manroland technician into your pressroom for the minimum price!

Eligibility for Discount

Discounts on delivery pile chains, feeder pile chains, and delivery gripper chains only when in conjunction with service installation of the specified parts. Discounts not applicable to shipping and handling, or other incurred costs.
