

SUMMER 2010 PROMOTION

Press "Fitness" Programs

Get Your Press "Back into Shape" with your customized Summer "Fitness" Program

Summer "Fitness" Program

For the first time ever, manroland is offering special initiatives for the entire Summer, as a part of our Summer "Fitness" Program. You will immediately see the savings through increased performance, and improving your bottom line by getting your press "Back into Shape." This is a one time opportunity to get superior service at the lowest rates we've offered in years!

manroland's factory trained experts are not just available for press breakdowns - this Summer we are offering their services for tune-ups, inspections, and all of those projects you've been waiting to do.

Available components of this promotion are:

- 20% off the following:
 - All regular labor rates (pre-booked minimum of 5 working days)
 - All tune-up packages
 - All press inspections (free thermal overview with inspection)
 - All manroland on-site training and consulting programs
- 10% off all travel time
- 15% off all genuine manroland O.E.M. parts (with booked service)
- **printcom** start-up incentive packages

Please contact your manroland customer service representative or PRINTVALUE consultant today to arrange your "fitness program" or for further details on these and manroland's many other PRINTVALUE products and services for the long term health and productivity of your press, people and process!

Call us today to find out more about this exclusive offer!*
