

# chrome roller cleaner 814A

For Higher Quality In Offset Printing

Print quality and profitability are directly related to the choice system components.

## Application

The printcom chrome roller cleaner 814A is a powerful, liquid chrome cleaning agent.

It quickly and thoroughly de-greases and conditions the pan roller to assure optimum transfer of fountain solution from the pan to the metering or ductor roller.

## Advantages

- Quick and thorough removal of ink and similar residue from the pan roller
- Reliable neutralization of oxidation
- Optimum conditioning of the pan roller
- Improved water receptivity

Each printcom auxiliary product has been thoroughly tested by manroland's research and development departments for its press compatibility and performance. If used as intended, these products will ensure efficient production processes, with the added benefit of preserving the life and value of your press.

printcom stands for "print competence" and represents manroland's offering of process-compliant system components for the printing industry. Customer satisfaction is our top priority, and the printcom team is here to serve you.

#### Technical Data

Type of Cleaner	chrome cleaning agent
Composition	emulsion
Color	light brown
Specific Gravity at 20 °C	0.96
pH-Value	2.5
