

fount system cleaner 119A

For Higher Quality In Offset Printing

Print quality and profitability are directly related to the choice system components.

Application

The printcom fount system cleaner 119A is a liquid cleaning agent for fountain solution circulating systems. It removes contamination caused by ink particles and paper dust quickly and thoroughly and sustainably controls bacteria, algae and molds.

Advantages

- Quick and thorough removal of contamination like ink particles and paper dust
- Stabilizes pH value and conductivity
- Sustainably controls bacteria, algae and molds

Each printcom auxiliary product has been thoroughly tested by manroland's research and development departments for its press compatibility and performance. If used as intended, these products will ensure efficient production processes, with the added benefit of preserving the life and value of your press.

printcom stands for "print competence" and represents manroland's offering of process-compliant system components for the printing industry. Customer satisfaction is our top priority, and the printcom team is here to serve you.

Technical Data

Composition	liquid
Color	milky-white
Specific Gravity at 20 °C	1.005
Flashpoint	172 °F
Dilution	10 oz : 1 gal (printcom fount system cleaner 119A : water)
Residence Time (depending on degree of contamination)	up to 1 hr.

Directions for Use

Dilute printcom fount system cleaner 119A with water (10 oz to 1 gal), fill into drained fountain solution circulating system and circulate for up to 1 hr. (depending on degree of contamination). Drain, rinse with fresh water repeatedly and re-fill with fresh fountain solution.

When using printcom fount system cleaner 119A, please observe the safety instructions on the product label and material safety datasheet as well as the relevant regulations for the prevention of industrial accidents and other applicable rules!

Packaging Units

All packaging units are non-returnable.

Jugs	1 gal
Pails	5 gal

Transport and Storage

cool (below 120 °F) and dry, protected against direct sunlight and freezing

Labeling

Health	2
Flammability	1
Reactivity	0
Protection	B
